Overview: This course is designed for the beginning handgun shooter with little or no experience. Some of the areas to be covered, but not limited to, include: Basic gun safety, how to safely load and unload handguns. Practice drawing from a holster and re-holstering using both RED/BLUE handguns and your own handgun. Learn range commands and what actions to take when commands are issued. Shooting fundamentals, stance, sight picture, trigger control, and shooting techniques. Failure scenarios and methods to correct them. Conduct firing drills on paper and steel targets.

Equipment needed:

- Handgun: Home defense type handgun, (not a small pocket pistol, small carry, single shot or speed gun), with all factory installed safety devices intact and no dangerous modifications like a 'hair trigger' or a removed trigger guard.
- Holster: An appropriate outside the waist band holster attached to the belt, worn on the strong side (shooting hand), without a retention device such as Blackhawk Serpa or others, that completely covers the trigger guard. Remains open and unobstructed when the gun is removed and not allow the gun to cover the shooters body. No shoulder, thigh, cross draw, appendix types or concealed holsters.
- Pouch: If using a semi auto, 3 mags and one double mag pouch worn on the support side. If using a revolver, an ammo pouch worn in the front. A speed loader or moon clips may be used.
- Ammo/Caliber: Appropriate for the gun used, please no hand loads. Any 22 through 45 is appropriate. Approximately 150-200 rounds.
- Dress: A sturdy belt, hat with a brim (baseball cap or more), safety glasses or wrap around impact resistant eye protection, ear protection, loose comfortable pants, comfortable shoes (no open toes or sandals) or better yet, boots as the range is dirt. Don't forget sunscreen.
- Lunch: An appropriate personal picnic type lunch with hydration and maybe an afternoon snack, again with lots of hydration. No potable water supply at the range.

Check-in Procedures: Meet at the picnic area at 7:30-8:00 for check-in. Leave lunch in your car. Bring your UNLOADED gun and equipment **in a range bag or back pack**, to the picnic area.

Release Form: Everyone must sign the standard BRRC waiver during check-in.
