Robert Laney. F-Open	MU	169.01	170.00	189.05	528.06	

1st*

2nd*

3rd*

Target set up went very smooth with several shooters arriving early to help out and the ShotMarker system performed flawlessly all day. The weather was overcast and chilly all day with fishtailing conditions from the SSW and South making for itchy heads and muffled expletives.

Some strong scores in the 1st match from the top 3 overall finishers . Cameron lead the way with a 199-14x, high score for the day.

The second match had strong scores again with fewer X's from the 2 thru 4 place winners. Martin was high shooter with 199-9x.

The 3rd match saw 4th place finisher George Carr throwing up a 199-12x to smoke the field.

Top 4 shooters were separated by 1 point and 4-X's. All hail Match Winner, Cameron Keating! Way to represent the armed forces Cam.

Hope to see you all at the next Long Range match, August 29th. Thats on a Saturday this time.

"Believe the wind, because it's smarter than you are."
