Example:(Target)1/2(Relay)

F- CLASS SHOOTERS (O-TR)

	Shooter		Cl.	Match #1	Match #2	Match #3	Aggregate	
1	Martin Tardif	4/1	HM	194.12	195.03	195.05	584.20	MW
2	Tim Kimack	4/2	MA	192.02	182.01	193.06	567.09	1F
3	Gene York	2/3	EX	191.03	186.03	190.03	567.09	2F
4	Gane Edley	2/2	MA	187.02	182.01	187.07	556.10	3F
5	Samuel Edley	3/3	MA	187.01	173.01	171.01	531.03	
6	Jeffrey Foltz	4/3	MU	176.00	183.03	164.00	523.03	

Sunday's conditions started out cool with light breezes all morning. It wasn't until about noon that it became shirtsleeve weather. Occasional 10-12 mph gusts swirled around to quiet the line and fishtailing (washing machine) conditions were predominant. The left wind was unusually more effective at distributing 8's among the unwary though right and 12:00 wind took the lion's share.

John G. had high score for match 1 (and the day) with an impressive 198-7x.

Marc M. took high score in Match 2 with 195-7x as well as Match 3 with a 196-5x.

Martin T. in F-Class was overall high score and high x count for the day and took Match Winner.

I want to thank Mark Bower for helping set up and his valuable assistance in running the match. Thanks to Marc Mittry for help setting up and Mark Gould, Gane and Samuel Edley for help breaking down and stowing the targets and flags.

Thank you to *all* the competitors for making it a smooth and truly enjoyable match. See you in January for the "V² Finale" F-Class Point Series qualification match. That will be on Saturday 30/Sunday 31. Registration will give preference to F-Class Open and TR shooters. Both days will be 3x15 shots at 1,000 yards. This will be one of the last chances to get points for the V² Finale. For information on this match see the following link which has several related links:
