HM- 97%and above,MA-96.99~94%,EX-93.99~89%,SS-88.99~92%,MM-92%and below

Sunday had cool temps and light conditions. 15 shooters (6-sling, 9-F-Class) made it to the range so we used the 5 target, 3 relay format. Set up went smoothly with plenty of help. First shot was at 8:25 am and last about 12:45 pm . There were no e-target issues on the day with excellent shot quality (6.5 average which is 5 Star).

In the Sling group Jim Gaines was Match Winner with a 592-28x. Jeff Butler was next with the only clean stage of the day 590-23x. Martin Tardif took 1st Place in F-Class with a 591-22x. Kevin Harris was next with a588-21x. Gene York came in 3rd with a 583-23x. Gene is showing steady improvement...we're going to have to watch out for him. Jacques Rifkind was oh so close to Gene with a 582-23x. Special mention to Gane Edley for tieing with Kevin for high F-class stage score with a 199-11x on his last stage. Great! another sleeper we have to be wary of. Way to go, Gane.

Next match will be on December 19. Lots of Long Range matches in November and December at Coalinga, Ben Avery, and Tri County Rifle Club to fill your calendar. Thanks to all the set up and break down helpers. It really makes a difference when we can expedite the chores and get the shooting
