Mark Bower-M	EX	184.04	182.03	186.03	<b>552.10</b>	2
Marco Rojas-N	MA	182.04	178.04	0.00	<b>360.08</b>	
Thomas Whitaker-M	HM	186.03	83.02	0.00	<b>269.05</b>	

### F- CLASS SHOOTERS (O-TR)

Shooter		Stage #1	Stage #2	Stage #3	Aggregate	
JanuszDabrowskiT-N	EX	188.02	194.05	195.09	<b>577.16</b>	1
James McCrystal-O-N	MA	187.02	180.01	185.03	<b>552.06</b>	3
Martin Tardif-O-M	HM	186.05	193.03	0.00	<b>379.08</b>	
Steven Sanderson-O-N	MU	185.00	181.01	180.03	<b>546.04</b>	
Michael Hirsch-N	MU	174.01	173.01	0.00	<b>347.02</b>	
Sam Edley-O-N	MU	0.00	0.00	0.00	<b>0.00</b>	
Darryn Long-O-N	MU	0.00	0.00	0.00	<b>0.00</b>	
Gane Edley-O-N	MU	0.00	0.00	0.00	<b>0.00</b>	

It was a cold breezy morning that stayed cold and breezy until about 15 min. after we stopped shooting. We had 2 new shooters to us and the range. Unfortunately one's ammo didn't register hits as his velocities were subsonic at the target (subsonic equals less than @1,125 fps). So you want to be sure your ammo is above 1,200 fps at 1,000 yards *before* you bring it to a long range match.

Speaking of subsonic, a couple of our regulars also had subsonic loads and were unable to complete the match. The way to tell who they were is easy...look for the "0's" d;^D

OK, you'll notice "0's" by some of the other regulars on stage 3. I call this condition "nullamparsphobia". This translates to "I don't have enough components to shoot the Palma state championship"...at least that's my excuse.

Sling shooter par excellence, Mark Gould led all shooters and took Match Winner with a 584-22x, with Irons, no less. Next, in 1st Place came F-Open shooter Janusz Dabrowski with 577-16x. 2nd Place was Mark Bower, Sling, with 552-10x. And 3rd Place was James McCrystal, F-Open, with 552-6x.

Thank you to all the shooters that helped set up and take down the targets and flags. The next match is scheduled for Sunday, March 27.

*"Believe the wind, it's smarter than you are."*
