Extremely docile conditions favored the shooters for the March Long Range Match. Cool with gentle breaths of wind resulted in several high scores on the first stage for the sling shooters, though oddly no cleans. The wind picked up slowly and surely but didn't affect the sling squad, while the F-shooters were generally having fits trying to keep it in the 10 ring (kudos to Gene York with the F-Class single stage high score).

Marc Mittry led all shooters with a 594-26x and some fine shooting. Jeff Mendoza was runner up with a 591-27x. High X count goes to Mark Gould with a score of 589-30x, too bad those X's aren't convertible. Martin Tardif led the F contingent with a 574-24x. Jim McCrystal topped the combined Master/Master Unclassified crew with 560-10x and Gene York (with the stellar 197-7x) was top dog in the Expert/ Sharpshooter classification.

Thank you to all the shooters that helped set up and take down the targets and flags (Marc M, Gane, Sam, Jeff B, Mark B, I salute you). The next match is scheduled for Sunday, May 29. Until then, may the skies be clear the winds fair and your groups small.

*"Believe the wind, it's smarter than you are."*
