Leon Graham	MU	174.02	170.01	179.01	523.04	

14 shooters started in clear and bright visibility but low 40° temps with light to moderate swirling and gusting conditions. These conditions persisted throughout the day vexing even our finest shooters with the occasional 8. Book end 8's were not uncommon. Vertical shots abounded. The low temps made mirage almost non-existent so relying on the lying flags became essential.

Kelvin McIlwain led the F-Class shooters with a hard fought 588-16x followed closely by Van Kun with a 585-19x Match Winner was Rob Ableson who topped the Sling shooters again this month. Special mention to Tom Whitaker for the only clean shot this month at 1,000 yards. He was the last shooter for the day and we all cheered heartily when the '10' came up on the ShotMarker. Next month's match is on Sunday the 28th.

Merry Christas to All! Martin T
