A smaller but seasoned turnout today. Weather, well, it got hot. I want to thank everyone who helped set up...which was like everyone! I was late because I couldn't register for the Berger South West Nationals until 6:00AM that morning and I knew that if I waited I'd get skunked. Sure enough, it was full up by about 3:00PM. Anyway, I'm stickin' with that excuse.

**Stage 1)** 100 yard line, pool ball target. 6 Ball numbers announced to each relay and commence fire command given. Sitting, supported, 60 sec. par time. [Ray and Darren got 5 ea.](#)

**Stage 2)** 200 yard line, barricade drill. 8 positions: 4 strong side, 4 weak side, I'm calling this one "Over a barrel". 5x8 black IPSC silhouette on an 8.5x11 paper, 2.5 min. par time. [Ray and Henry G](#) got 7 out of 8.

**Stage 3)** @400 yds., Know Your Limits, 4 steel IPSC swingers in a row, about 12,7,5 and 2" tall, scored big to small-1,2,3,4. 50 sec. par time. If you clean the rack you can start over, miss and you zero out and start over until you exhaust all 8 rounds. [Darren Ray and Steve](#) all stopped at the 5" the second time through and got 6 points ea.

**Stage 4)** Timed Exposure, 600 yds., 8-1/2"x11" colored paper targets exposed at random locations along the pits berm, 5 exposures, 5 shots only. [Darren and Henry G](#) cleaned that stage.

**Stage 5)** Movers, still at 600 yds., each relay shot at 24x14 cardboard torsos with the same color as their timed Exposure. Torsos move back and forth along the berm for 12 sec. at 2-3 mph., this is repeated 5 times. Shooters have 15 rounds to make 15 possible points. [Evin](#) got 10 hits to lead the field. He seems to like this stage he did well last time too.

**Stage 6)** 1,000 yds., SR-3 NRA High-power target. 1 min. par time, 12 shots only. Any hit in the black is 1 point. You can shoot as many as you want on the steel at the 1,020 yard berm (no points) but when you go to paper you must stay on paper. Ray shot a 10 round group just a skooch over 1/2 moa to ice the stage and the match.

Good shooting [Ray Riganian](#) 36 out of 54 High Score, you get the win! And thanks to everyone who participated. The next "Challenge" will be on SATURDAY, September 23rd.
