The day started out windy...and got *really* windy. Everyone was up for it so it didn't really matter.

Stage 1: 5 steel swingers set out across the gully. 4 were nestled in the bushes from about 80 to 100+ yards and 1 was placed at about a 45 degree angle at 60 yards. Shooters found improvised positions with bipods, bags and tripods. Each 1st shot hit was worth 2 pnts, 2nd shot worth 1pnt., 80 sec. Steve G, James A and Evin Grant cleaned it.

Stage 2: KYL-Shot from prone at 10", 8", 6" 4" and 3" adjacent swingers target values were 1, 2, 3, 4, 5 respectively. If you got 5-1st round hits you could go back through a 2nd time for a total possible 30pnts. Nobody chose to run all 5 so the high score was 10pnts., 60sec. Steve, James, Henry, Darren, Martin.

Stage 3: Shot from prone, 5 swingers set from 470 to 600yds. Again, 1st round hit=2, 2nd round=1. Total possible-10pnts., 120 sec. Steve took the high honors.

Stage 4: 4 steel targets set out from 720 to 770yds., 1st hit=2, 2nd hit=1, 90 sec. We all got schooled by James' son, Dustin who cleaned this stage...Like-a-BOSS!

Steve Goldman took Match Winner, again. Steve has put in a lot of practice for these matches and has become the dude to beat at these matches.

Thanks to all who helped set up and take down the targets.

See you in a little over 2 months, February 24th.
