We had a light turnout this month with a few shooters having to cancel just prior to the match. They may have been the smart ones as it was so windy that we passed on shooting ofhand. We started late as we waited for the wind to lay down. We even shot the match in reverse order, slow prone first, in the hopes that it would be better later. It didn't change and 18 mph winds combined with a nice day gave us 54 degree wind chill factor. While shooting rapid sitting, most shooters were being moved all around the black. **Paul Schultz was relatively unaffected by all of this and was the match winner with a 585-11X.**

Special thanks to Dino Christopoulos who arrived early and helped set up all of the targets, 14 total. We were able to shoot the entire match without needing to go downrange and were finished by noon even though we waited to start in the hopes the wind would lessen. Thanks to everybody who pitched in and helped pull the flags and targets. The next match will be November 13th. Hope to see you then.
