Conditions for the match were pretty nice. We had just enough wind in standing to bump you around a bit, but there were plenty of good opportunities to make good shots if you were patient. The slow prone stage had just enough hard to see wind shifts to make it challenging. The temperature was pretty pleasant early but it did get a bit warm for the prone stages, I saw a lot of pulse during my slow prone stage. We had a good turnout with 14 shooters including new (to this match) Bob Snedden who is returning to High Power after a 15 year hiatus.

Congrats to the following:

- **Match Winner Bob Gill 785-27x**
- First High Master Ken Letwin 783-27x
- First Master Darren Rosenbaum 767-18x
- First Expert Hector Miro 751-14x

I think we got the range set up and put away in record time, thanks to all for helping. I also want to thank Paul Shultz for helping me run the line.

I hope to see you all next month.
